INDEX TO VOLUME XXII

A

Absorption collapse in primary tuberculous infection in childhood (S. Graham and J. H. Hutchison), 162
Acidity (titratable), pH, ammonia and phosphates in the urines of very young infants (R. A. McCance and M. A. von Finck), 200
Addis count in prognosis of acute nephritis in childhood (M. D. Giles), 232
Adoption, medico-social problems in (H. P. Tait), 159
ALLIBONE, E. C.: Interrenal syndrome in childhood, 181
ALLIBONE, E. C. (and H. S. Baar and W. H. P. Cant): Interrenal syndrome in childhood, 210
Ammonia in urines of very young infants (R. A. McCance and M. A. von Finck), 200
Anaemia, blood volume changes in, following transfusion (S. J. M. Russell), 50
APLEY, J.: Lymphocytic meningitis with lung involvement in childhood, 18
APLEY, J. (and M. Symons): Megalencephaly: report of two cases, 172
Azotaemia in dehydration in infancy (S. A. Doxiadis), 180

B

BAAR, H. S.: Dysontogenetic pituitary cysts, 118
BAAR, H. S. (and E. C. Allibone and W. H. P. Cant): Interrenal syndrome in childhood, 210
Bacterial endocarditis, acute, with positive blood culture in a child aged one year (C. Paget Lapage and F. A. Langley), 253
B. proteus enteritis in a children's hospital (U. James), 180
Beri-beri, infantile, in Singapore in the Japanese occupation (G. Haridas), 23
Blood volume changes in anaemia following transfusion (S. J. M. Russell), 50
BODIAN, M.: Pulmonary haemosiderosis, 181
BONHAM-CARTER, R. E.: Morbid histology of the liver in fatal cases of diarrhoea and vomiting in infants, 179
BOOK REVIEWS: The Nervous child, 64; Purpose of the Family, 64; Embryology of Behaviour, 64; Pulmonary Tuberculosis, 64; Die Scheuermannsche Krankheit, 128; Psycho-analytical Treatment of Children, 128; Care of Young Babies, 128; Clinical Practice in Infectious Diseases, 128; Researches on Prenatal Life, 183; 1946 Year Book of Pediatrics, 183; Child Health, 183; Psychology of the Unwanted Child, 183; Handbook of Diseases of Children, 183; Diseases of the Nervous System, 184; Nutritional Disorders of the Nervous System, 184; A Way of Life for the Handicapped Child, 254; Advances in Paediatrics, 255; Advances in Internal Medicine, 255; Psychiatric Interviews with Children, 255; Mongolism and Cretinism, 256; Diseases of Children's Eyes, 256; A Study of Individual Children's Diets, 256
BRITISH PAEDIATRIC ASSOCIATION: Eighteenth Annual Meeting, 178; Business proceedings, 178; Activities of executive committee, 178; Scientific proceedings, 179
Burns and scalds in children (B. Morrison), 129

C

CANT, W. H. P. (and E. C. Allibone and H. S. Baar): Interrenal syndrome in childhood, 210
Carbohydrate metabolism in the coeliac syndrome (J. L. Emery), 41
CHAPLIN, A. E.: Empyema thoracis in infants and children, 91
Coeliac disease treated with folic acid (H. W. Dalton), 182
Cold sweating, hypoglycaemia, and carbohydrate insufficiency with reference to coeliac disease (J. L. Emery), 34
Congenital hypertrophic pyloric stenosis, review of 112 cases (R. McLaren Todd), 75
CREAK, M.: Intelligence quotient and Rhesus incompatibility, 181
CROOKS, J. (and S. E. T. Cusdin): Plans for hospitals for sick children, 106
CUSDIN, S. E. T. (and J. Crooks): Plans for hospitals for sick children, 106

D

DALTON, H. W.: Treatment of coeliac disease with folic acid, 182
Dehydration fever, urinalysis in (J. Thomson), 226
Dehydration in infancy, azotaemia in (S. A. Doxiadis), 180
Deposed child (R. Meyer), 86
Diarrhoea and vomiting in infants, morbid histology of the liver in fatal cases (R. E. Bonham Carter), 179
Diarrhoea and vomiting, potassium in (G. Donaldson), 180
DONALDSON, G.: Potassium in diarrhoea and vomiting, 180
DOTT, E. F.: Nocturnal enuresis, 182
DOXIADIS, S. A.: Azotaemia in dehydration in infancy, 180
Dysontogenetic pituitary cysts (H. S. Baar), 118

E

Ehlers-Danlos syndrome, two cases (F. L. King-Lewis and I. V. Polunin), 170
EMERY, J. L.: Carbohydrate metabolism in coeliac syndrome, 41
EMERY, J. L.: Cold sweating, hypoglycaemia, and carbohydrate insufficiency with reference to coeliac disease, 34
Empyema thoracis in infants and children (A. E. Chaplin), 91
Enteritis, B. proteus, in a children's hospital (U. James), 180
Enterogenous cysts of ileum (J. L. Pinniger), 59
Enuresis, nocturnal (E. F. Dott), 182

F

FAIRWEATHER, D. S. (and H. J. L. O'Sullivan): Gastric dilatation, megacolon, and idiocy in identical twins, 236
FINDLAY, L. (and G. Higgins and M. W. Stanier): Icterus neonatorum, 65
FINCK, M. A. von (and R. A. McCance): Titratable acidity, pH, ammonia, and phosphates in the urines of very young infants, 200
Folic acid, coeliac disease treated with (H. W. Dalton), 182

G

Gastric dilatation, megacolon, and idiocy in identical twins (D. S. Fairweather and H. J. L. O'Sullivan), 236
Gastric ulcers in an infant (C. Pinckney), 57
GILES, M. D.: Addis count in acute nephritis in childhood, 232
Gonadotrophin, and 17-ketosteroids in children (A. M. Hain), 152
GRAHAM, S. (and J. H. Hutchison): Absorption collapse in primary tuberculous infection in childhood, 162

H

Haemosiderosis, pulmonary (M. Bodian), 181
HAIN, A. M.: Excretion of 17-ketosteroids and gonadotrophin in children, 152
HARIDAS, G.: Infantile beri-beri in Singapore during the Japanese occupation, 23
Harrison's sulcus (J. M. Naish), 181
HAWORTH, J. C.: Osteomyelitis of the maxilla in infancy, 175
Hereditary phalangeal agenesis (N. H. Wells and M. Platt), 251
HIGGINS, G. (and L. Findlay and M. W. Stanier): Icterus neonatorum, 65.
Hospitals for sick children, plans for (J. Crooks and S. E. T. Cusdin), 106
HUMPHRIES, H. C. (and P. Poyner Wall): Protein supplements in feeding of premature infants, 182
HUTCHISON, J. H. (and S. Graham): Absorption collapse in primary tuberculous infection in childhood, 162

Hypoglycaemia, cold sweating, and carbohydrate insufficiency in coeliac disease (J. L. Emery), 34

I

Icterus neonatorum (L. Findlay, G. Higgins and M. W. Stanier), 65
Idiocy, gastric dilatation, and megacolon in identical twins (D. S. Fairweather and H. J. L. O'Sullivan), 236
Ileum, enterogenous cysts of (J. L. Pinniger), 59
Infantile beri-beri in Singapore during the Japanese occupation (G. Haridas), 23
Intelligence quotient and Rhesus incompatibility (M. Creak), 181
Interrenal syndrome in childhood (E. C. Allibone), 181
Interrenal syndrome in childhood (E. C. Allibone, H. S. Baar and W. H. P. Cant), 210
Intussusception, chronic, in infancy and childhood (W. G. Wyllie and R. J. Pugh), 14
Intussusception, and purpura (H. Wolfsohn), 242

J

JAMES, U.: Epidemic of B proteus enteritis in a children's hospital, 180
Japanese occupation of Singapore, infantile beri-beri during (G. Haridas), 23
JAVETT, S. N. (and E. Samuel): Tumour of optic chiasma, 248

K

17-ketosteroids and gonadotrophin in children (A. M. Hain), 152
KING-LEWIS, F. L. (and I. V. Polunin): Two cases of Ehlers-Danlos syndrome, 170

L

Lactation, clinical aspects (H. Waller), 193
LANGLEY, F. A. (and C. P. Lapage): Acute bacterial endocarditis with positive blood culture in a child aged one year, 253
LAPAGE, C. P. (and F. A. Langley): Acute bacterial endocarditis with a positive blood culture in a child aged one year, 253
Liver, morbid histology of, in fatal cases of diarrhoea and vomiting in infants (R. E. Bonham-Carter), 179
Lymphocytic meningitis with lung involvement in childhood (J. Apley), 18

M

Maxilla, osteomyelitis of, in infancy (J. C. Haworth), 175
McCANCE, R. A. (and M. A. von Finck): Titratable acidity, pH, ammonia, and phosphates in urines of very young infants, 200
Medico-social problems in child adoption (H. P. Tait), 159
Megacolon, gastric dilatation, and idiocy in identical twins (D. S. Fairweather and H. J. L. O'Sullivan), 236
Megalencephaly (J. Apley and M. Symons), 172
Mendelian characteristics, hereditary phalangeal agenesis showing (N. H. Wells and M. Platt), 251
Meningitis, lymphocytic, with lung involvement (J. Apley), 18
MEYER, R.: The deposed child, 86
MILLER, F. J. W.: Care of premature infants at home, 54
MORRISON, B.: Burns and scalds in children, 129

N

NAISH, J. M.: Harrison's sulcus, 181
Nephritis, Addis count in acute (M. D. Giles), 232
Nocturnal enuresis (E. F. Dott), 182

O

Optic chiasma, tumour of (S. N. Javett and E. Samuel), 248
Osteomyelitis of the maxilla in infancy (J. C. Haworth), 175
O'SULLIVAN, H. J. L. (and D. S. Fairweather): Gastric dilatation, megacolon, and idiocy in identical twins, 236

P

pH of urines of very young infants (R. A. McCance and M. A. von Finck), 200
Phalangeal agenesis, hereditary (N. H. Wells and M. Platt), 251
Phosphates in urines of very young infants (R. A. McCance and M. A. von Finck), 200
PINCKNEY, C.: Acute and chronic gastric ulcers in an infant, 57
PINNIGER, J. L.: Enterogenous cysts of ileum, 59
Pituitary cachexia in childhood (H. S. Baar), 118
PLATT, M. (and N. H. Wells): Hereditary phalangeal agenesis, 251
POLUNIN, I. V. (and F. L. King-Lewis): Two cases of Ehlers Danlos syndrome, 170
Potassium in diarrhoea and vomiting (G. Donaldson), 180
POYNER WALL, P. (and H. C. Humphries): Protein supplements in feeding of premature infants, 182
Premature infants, care of, at home (F. J. W. Miller), 54
Protein supplements in feeding of premature infants (H. C. Humphries and P. Poyner Wall), 182
PUGH, R. J. (and W. G. Wyllie): Chronic intussusception in infancy and childhood, 14
Pulmonary haemosiderosis (M. Bodian), 181
Purpura and intussusception (H. Wolfsohn), 242
Purpura necrotica (J. H. Sheldon), 7
Pyloric stenosis, congenital hypertrophic (R. McL-Todd), 75

R

Rhesus incompatibility, intelligence quotient in cases of (M. Creak), 181
RUSSELL, S. J.: Blood volume changes in anaemia following transfusion, 50

S

SAMUEL, E. (and S. N. Javett): Tumour of optic chiasma, 248
Scalds in children (B. Morrison), 129
Schwartzman phenomenon, a possible clinical application (J. H. Sheldon), 7
SHELDON, J. H.: Purpura necrotica, 7
Singapore, infantile beri-beri in, during the Japanese occupation (G. Haridas), 23
STANIER, M. W. (and L. Findlay and G. Higgins): Icterus neonatorum, 65
SYMONS, M. (and J. Apley): Megalencephaly: a report of two cases, 172

T

TAIT, H. P.: Medico-social problems in child adoption, 159
THOMPSON, B. C.: Primary tuberculous infection in childhood, 1
THOMSON, J.: Urinalysis in dehydration fever, 226
Titratable acidity, pH, ammonia and phosphates in the urines of very young infants (R. A. McCance and M. A. von Finck), 200
TODD, R. M.: Review of 112 cases of congenital hypertrophic pyloric stenosis, 75
Transfusion, blood volume changes in anaemia following (S. J. M. Russell), 50
Tuberculous infection in childhood (B. C. Thompson), 1
Tuberculous infection, absorption collapse in (S. Graham and J. H. Hutchison), 162
Tumour of optic chiasma (S. N. Javett and E. Samuel), 248
Twins, gastric dilatation, megacolon, and idiocy in identical (D. S. Fairweather and H. J. L. O'Sullivan), 236

U

Urban population, primary tuberculous infection in childhood in an (B. C. Thompson), 1
Urinalysis in dehydration fever (J. Thomson), 226
Urines of very young infants, acidity, pH etc. of (R. A. McCance and M. A. von Finck), 200

W

WALLER, H.: Clinical aspects of lactation, 193
WELLS, N. H. (and M. Platt): Hereditary phalangeal agenesis showing dominant Mendelian characteristics, 251
WOLFSOHN, H.: Purpura and intussusception, 242
WYLLIE, W. G. (and R. J. Pugh): Chronic intussusception in infancy and childhood, 14
